

Cancel Haiti's Odious and Onerous Debt
Please Co-sponsor H.Res. 241

Dear Representative _____:

Please join your Democratic and Republican colleagues who have co-sponsored H.Res. 241 (introduced by Rep. Maxine Waters) which urges international financial institutions to immediately cancel Haiti's foreign debt. Haiti's massive debt burden-\$1.4 billion- is unjust and unpayable. Almost half the debt is for loans provided to the corrupt Duvalier dictatorship that left little benefit to the Haitian people. Haiti's new elected government cannot repay the debt without diverting money from urgently-needed programs for education, healthcare and clean water.

Sincerely,
