Ethan Casey

As he presents his book

BEARING THE BRUISE: A LIFE GRACED BY HAITI

In the wake of the devastating January 2010 earthquake, Ethan resolved to write the story of how Haiti permanently and profoundly changed his understanding of human life and history in this world. To complete *Bearing the Bruise: A Life Graced by Haiti* (2012) he returned to Haiti three times in 2010 and 2011, and his account of the quake's aftermath is deeply informed by 30 years' worth of personal experience. "Haiti is a place for big questions," he writes. **"A heartfelt account ... an informed perspective on many of the political and social complexities that vex those who seek to make common cause with Haiti."** – Paul Farmer

Panel discussion with Ethan Casey and Mario Joseph of Bureau des Avocats Internationaux (BAI) along with questions and dialog from the audience
