

Saut D'Eau 11/26/2015

My name is Rosemène Charles

To: President and Members of United Nation Security Council

Subject: Asking for Justice and compensation

Excellency,

I compliment you on the work that you are doing and applaud you on all that you will be doing to help us, the victims of cholera, get justice and compensation as per the laws of my country and the basic human rights of international laws.

My name is Rosemène Charles and I am 26 years old. I live in Polikap section of communal section of Saut D'Eau. I had cholera in June 2014. They took me to the health center Acajou in Grospey, where I was in a lot of pain with a stomachache, diarrhea, and vomiting. I spent 14 days in the hospital. Cholera killed my dad, but not me. Thanks to God and the doctors' help, I, Rosemène, survived.
