Re: Demand for justice and reparations

Dear Mr. President,

It is with great outrage that I am writing this letter to you to remind you that everyone must respect human rights.

My name is Asias Jocenel and I live in Dalon. In the year 2011, the illness overwhelmed me like a cyclone. I had severe diarrhea and vomiting. I did not know what was happening to me and they had to carry me on a stretcher to the Mirebalais hospital where I spent 7 days. When I arrived at the hospital, there was no place to put the serum. I suffered a great deal.

What hurts me the most is that we were told that the MINUSTAH came to help us, but in reality they brought more problems when they decided to defecate in the water that Haitian people use.

For this reason, I am demanding justice and reparations. These are the conditions.

Best regards,
