To: President and members of the Security Council of the United Nations

Object: Demand of justice and reparation

President,

It's with a broken heart that I am writing you this letter to let you know that you have to respect all human rights.

I am Emmanuel Louis, I live in Doko, because of Minustah who contaminated the waters of Mey Cholera arrived in Doko as well and I contracted the illness as well in 2010. My symptoms were: watery diarrhea, headache, vomiting and fainting. I woke up in a hospital bed without any knowledge of how I got there. That's why I am asking Minustah for Justice and reparation, because the illness left me with damages in my whole body.

Thank You,

Emmanuel Louis
