To be delivered to the President of the Security Council of the United Nations
Mr. Ban Ki Moon Secretary General and the remaining members of the Council

I greet you,

I take this opportunity to ask you to compensate me as a victim of the cholera disease that United Nation soldiers released in Haiti. I suffered a lot, diarrhea and vomiting made me weak and it gave me cramps. I spent a lot of money, which added to my suffering.

Today I ask that the United Nations compensate me because the United Nations soldiers spread this disease.

Thank you,

Dear Sir,

I greet you with great respect, I take this opportunity to write you this short letter to ask you to listen carefully to what I am saying. I am a victim of the cholera that UN soldiers spread in Haiti. I want to tell you that this was a great suffering and misery. I lost all of my courage lost all of my hope. I was infected in October 2011. In this respect I am asking the United Nations to compensate me because cholera really reduced my hope. Lastly, I am asking you to take this seriously.

Re: Demand for justice and compensation

Good Morning President,

My name is Klodet Jan Pyè and I live in Dipon, a locality in the 2nd Section of Boukankare. I am eagerly writing this letter with the president and members of the Security Council of the United Nations. The reason I am writing is because I have heard how much we have to fight to have our rights respected.

I commend our courage. Dear friends, during the month of April 2015 I spent 7 days in a hospital bed in Mirebalais due to cholera with nonstop vomiting and diarrhea. After that I had to return again for 3 days totaling 10 days, it was due to my husband and my children, God and the doctors that I am still here today. When I heard that it was the United Nations soldiers who brought us this disease and I know that the soldiers are under the United Nations' responsibility I ask for justice and compensation.

From : Desir Roselie

To: President and Members of United Nations Security Council

Good evening to everyone in charge,

I am Desir Roselie. I live in the Central Plateau Department. I am a cholera victim. On July 9, 2013 the cholera started for me at around 4:00 in the morning. I had vomiting, diarrhea and was in pain. According to all the investigations that were conducted on this illness, it was Nepalese soldiers (MINUSTAH) who dropped feces in the Artibonite River.

I am asking Ban Ki-Moon and the United Nations Security Council to help me find justice and compensation.
