LAKOU AYITI: A HAITIAN DANCE WORKSHOP WITH JEAN APPOLON

Participate in a free Haitian dance workshop and discussion with master teacher and choreographer Jean Appolon!

In a fun and inviting format, Jean Appolon will teach the folkloric dances of his native Haiti. No prior experience necessary.

Following the dance workshop, participants will be invited to join in a discussion about their experiences of immigration.

Jean Appolon is starting a new project entitled "LAKOU AYITI," a full-length dance production that contemplates the idea of home, what we give up when we leave home, and where we find belonging. Participants will then have the opportunity to remain involved with the project in the coming months.

This event is open to all. While the discussion will be geared more towards adults, children/teens are welcome to attend.

Light refreshments will be served.
