Dear Community Leader,

The Board of the Haitian American United, H.A.U. Inc. is pleased to invite you to an the Fourth Haitian American Community Conference that will take place on October 8<sup>th</sup>, 2016 from 9:30 am to 1pm at Kay Pam, located 6 Livingstone St Dorchester, MA 02124.

You have been invited for the leadership role you have played in our community and your commitment to advance the Haitian-American interest in the state. This is the fourth time that Haitian American leaders from all work of life will gather to have a meaningful dialogue on developing an action plan to strengthen our presence in the Commonwealth.

This year, our yearly reflection will focus of the “Role of our faith-based organizations in community development.” We are pleased to confirm two great speakers for this special conversation. Pere Gustave Miracle will be addressing us from the Catholic Perspective. Reverend Frantzy Delphonse will present the perspective from the Evangelical perspective. After the presentations, we will break in small groups to brainstorm on a list of recommended actions for both church and community leaders.

This is a working meeting, the dressing code is casual. Please come ready to work hard and have fun in creating new perspectives and planning to improve our connection with faith based leaders.

This is a planning meeting. Your participation for the full time of the conference is highly recommended. Dropping in and out will seriously impact the results we can achieve on this planning day.

Please confirm your participation so then we can plan in advance for breakfast and lunch that will be offered at this event.

We thank you for your understanding and we are looking forward to see you on October 8<sup>th</sup>, 2016 at 9:30 at Kay Panm, Dorchester.

Sincerely,

Nesly Metayer  
HAU Chairman
